Aviaco's highly experienced team has created a robust portfolio of services which intend to meet all our customers' needs and requirements and to create a full-service concept. Our main activities include:

Sales and purchase

Sales & purchase of high-quality ground support equipment worldwide, being specialised in Africa, Asia and Europe and being able to satisfy any customer demand due to our global network of GSE suppliers and our vast experience in the aviation industry.

GSE Rental

Short & long term GSE rental, offering several leasing and rental solutions to our already existing customers in 5 countries in Europe and ready to extent our rental offer worldwide.

Fleet Management

Fleet management, counting with a strong monitoring system which allows us to provide relevant data in terms of necessity and availability of units to our customers.

Repair & Maintenance

Repair & maintenance, performing own in-house maintenance in our 3 main workshops in Europe (Netherlands, Belgium and Spain) and in our network of high quality sub-contractors facilities capable of overhauling any type of equipment. Third party equipment refurbishment is also provided to help our customers to extend the lifetime of their GSE at the most competitive prices.

Other Services

- Competitive door-to-door transport services, working with the largest transport companies in Belgium & the Netherlands and shipping equipment out of Rotterdam & Antwerp every week
- Spare parts delivery (main systems or subassemblies, consumables, rotatables and electrical components)
- Commissioning on-site

Our mission in Aviaco is to create an open and true business relationship with our customers, where confidence is essential, then our "open books" policy in terms of quality and pricing.
